21900kg Operating  
Weight

Mitsubishi 6D34-TL Engine

The SANY SY215C is a powerful all-rounder which combines flexibility and power. It can therefore perform various tasks in a wide range of applications and its robust design means that it is comfortable even with difficult tasks in tough environments. For operators to fully concentrate on their work, they first need to be sitting comfortably. The individually adjustable, air-suspension seat offers a comfortable workstation and the multifunctional control levers are located within easy reach. This makes it possible to reliably and precisely control the auxiliary attachments, directly relaying the control commands without delay
